

*BPW Meeting September 19, 2012:*  
*Review of Projects by Engineering Environmental Staff for Impacts to Water Resources*

**9. Olbrich Drainage Ditch Stabilization**

This project requires a Chapter 30 Permit from the DNR for shoreline work and grading on the bank of a navigable waterway, a Notice of Intent Permit from the DNR for grading over an acre, as well as a permit from the Army Corps of Engineers for work below the Ordinary High Water Mark. The application has been submitted. **(Max Conway, City Engineering)**
