
MEMORANDUM

TO: TRANSIT AND PARKING COMMISSION
FROM: ADA TRANSIT SUBCOMMITTEE
SUBJECT: SEGWAY POLICY
DATE: 8/25/08

At the ADA Transit Subcommittee's August 13, 2008 meeting, members passed the following motion with a recommendation to the TPC regarding the policy about Segways on Metro Transit vehicles:

Mr. DuRocher moved that ADATS recommend to the TPC to temporarily suspend the existing policy regarding Segways on Metro Transit vehicles to permit people with disabilities who use the Segway as a mobility aid rather than for recreational purposes on Metro transit vehicles, provided that the Segway can be stowed out of the aisle. This policy shall be reviewed again when new ADA guidance is available. Seconded by Mr. Huckaby. The motion passed by voice vote/other.
