

**Community Services Committee
Madison Out-of-School Time's (MOST's) OST Services and Activities Survey Results
Presentation**

Jennifer Lord, Coordinator of the Madison Out-of-School Time initiative will present the results of the Madison Out-of-School Time Services and Activities Survey that was recently completed.

An early step in creating an out-of-school time (OST) system is creating an asset map of the afterschool programs in the service area and MOST did this through the completion of the survey. The goals of the survey were; 1) to understand Madison's current OST programs and 2) to inform MOST's selection of initial priorities.

Jennifer Lord's presentation will highlight the results of the survey.
