Grant, I'm wondering why people are concerned enough to do a petition. Do they want to use it as street and travel the full four blocks on it? ...Then no, that's silly....just go a block in either direction and travel on a real street. It's a nice place to walk and there are lots of dog walking, biking, and baby stroller people who use it. BTW, even as a one-way, people drive the full length of it and walkers and bikers have to move to get out of their way....

Thanks for asking,
Sally

Hi Grant,
Thanks for the post card, which makes getting my thoughts out to you oh so easy!

I disagree with Monona Ct reverting to a 2-way street...What would be the reasoning for this?? With the large vehicles (some are as wide as semi trucks!) people drive nowadays, it's hard enough for one car to get through, let alone two cars to pass, especially in the winter!

If I had my way, we would ban vehicular traffic altogether and leave it a passageway for bike and foot traffic only!

I won't be able to make it to the meeting tomorrow, but I hope you can let my thoughts on this subject be known!

Thanks again for allowing us to raise our voices!

Kirsten

Hi Grant, Adding **speed bumps** might be a good compromise with those opposed to the two-way change. I cannot make the Transportation Commission meeting tonight since I will be driving taxi, but I endorse the two-way change. Thanks for your service and the great updates, Lance W on Drexel
