Petition to stop the use of public transit system vehicles that are presently being used to advertise gambling and alcohol.

We the undersigned request the City of Madison to remove and stop the use of city public transportation vehicles for advertising of alcohol and gambling. We feel that this is inappropriate use of city property, and that we should not expose children, many of whom use the city busses to get to and from school, to such promotion of alcohol and gambling.

Petition to stop the use of public transit system vehicles that are presently being used to advertise gambling and alcohol.

We the undersigned request the City of Madison to remove and stop the use of city public transportation vehicles for advertising of alcohol and gambling. We feel that this is inappropriate use of city property, and that we should not expose children, many of whom use the city busses to get to and from school, to such promotion of alcohol and gambling.
