Dear Members of the Transportation Commission,

Regarding item #7 on your agenda tonight: I strongly support the proposed refuge islands at the S. Baldwin/E. Wilson intersection and the S. Dickinson/E. Wilson intersection, as well as making the S. Dickinson/E. Wilson intersection an all-way stop.

I live close to these intersections, and witness daily how dangerous they can be for pedestrians, bikers on the Capital City Trail, and cars. It was GREAT to get the all-way stop at Baldwin/E. Wilson earlier this year. Replicating this at Dickinson, where cars currently speed like crazy both uphill and downhill, will make that corner (and bike path crossing) much safer too.

Thank you for your consideration!
