Subject: Johnson and Gorham Streets Consultant Report

I would like to express my strong support for Resolution ID 25669, as originally introduced without the proposed amendment that would postpone a decision and make the study of Johnson and Gorham as two way streets part of the Transportation Master Plan. The recently-completed study of the Johnson Street/Gorham Street corridor makes it clear that the best solution for future operations of those streets is a one-way pair. The study – which cost approximately \$70,000 – considered numerous issues pertaining to the street design, including substantial outreach to neighborhood residents, and it looked at a range of operational alternatives.

Please carefully consider the study report. I urge your support of the resolution as originally introduced.

Thank you,

Paul R. Soglin
Mayor
City of Madison
210 MLK Jr. Blvd
Madison, WI 53703

Office: 608-266-4611
