

City of Madison Engineering Division - Schedule of Assessments
01 /05/2010

Project ID: 53B07 Project Name: Old Middleton Road Assessment District - 2010
Project Limits Capital Avenue - Countryside Lane

Frontages listed are for: SITUS STREET FIRST, INTETSECTING STREET SECOND

NOTES:

1. Due to the unusual topography of the existing road and numerous mature trees in the right of way, it is proposed to construct sidewalk on one side of the street only, intended to serve properties on both sides of the street. Therefore, the cost of sidewalk is assessed equally to properties on both sides of the street, regardless of the side of the street on which the sidewalk is constructed. Further, the intention is that if, in the future, sidewalk is constructed on the opposite side of the street the assessment for such sidewalk would again be shared equally by properties on both sides of the street.
2. Assessments were previously levied for an earlier reconstruction of the street, even though it was not then reconstructed with an urban cross section. Therefore no portion of the asphalt pavement is assessed for the current project.
3. Property has double frontage and cannot be subdivided further. Therefore assessment is zero.
4. Property has double frontage. Further subdivision is unlikely due to placement of existing buildings and facilities. Assessment will be reduced to zero provided a restrictive covenant is in place, as determined by the City Engineer, such that no future subdivision or redevelopment requiring access to Old Middleton Road is permitted.
