Hi Wendy,

That agenda item is being postponed from tonight's meeting. I expect it will be taken up at our next Plan Commission meeting. I am copying city Plan Department staff so they are aware of your concerns and can consider them in their analysis of the relocation order. You may also wish to come to the Plan Commission meeting when this is considered to share your perspective.

Best,  
Ledell

Alder Zellers,

I am a resident of District 11 in the City of Madison. I am concerned about the above referenced agenda item because of its possible negative impact on the OM Village.

While I am generally a strong supporter of plans for bike/ped paths in the City of Madison, I am very concerned about the proximity of this land purchase to the OM Village.

If the purchase of land for extension of the bike/ped path disrupts or endangers the OM Village I would have to oppose it.

Too little is being done in Madison to house the homeless in our community, and so very much is done to accommodate we who are housed and secure and able to enjoy amenities like bike paths.

I will share these thoughts with my District 11 alder as soon as I know who that actually is.

Thank you.
