RE: Proposed New Lighting on Midvale Blvd.

Board:

At its April meeting, the Midvale Heights Community Association Board of Directors voted unanimously to oppose the proposal by City of Madison Traffic Engineering to assess property owners along Midvale Blvd. for new street lighting as ill-advised and unfair to the property owners. We are unaware of any neighborhood need for the new lighting and believe that local residents should not be billed for improvements that the City deems necessary or desirable to improve Midvale Blvd. as a commuter route.

Sincerely,

Denise Lamb, President
Midvale Heights Community Association
