

**ALLIED DRIVE TASK FORCE UPDATE
FOR THE
COMMUNITY SERVICES COMMISISON
December 9, 2009 Meeting**

1. The ATF has spent most of it's time recently on the Safety & Security Report recommendations. They have reviewed all sections for content and format. They will review a final draft of the report at their December meeting.

In addition, they will develop an outreach plan for getting resident feedback into the report before it is finalized.

2. Demolition of the final 2 Birch Hill buildings is happening the week of November 30th. All tenants moved out by the end of October. The land will be rough graded and left as green space until further plans are finalized.

3. Final statistics for those now living in Revival Ridge are as follows:

Birch Hill = 5

Allied Neighborhood = 18

Other City of Madison Neighborhoods = 26

4. At their meeting in December, Mark Olinger will provide an update on Phase II planning for the Allied Drive neighborhood.
5. At their January meeting, the ATF will hear a presentation from State DOT on the proposed Verona Road reconstruction.
