I have serious concerns about Walgreen's intent to sell alcohol on the three west side locations of Madison. The locations are very close to dense family oriented neighborhoods. There is a direct correlation between the sales of alcohol and crime. There are plenty of alternative locations to purchase alcohol nearby. I have expressed this concern to my local alderman and he suggested I attend the meeting. I'm on vacation for the 7/21 meeting so I cannot attend. Please distribute this meeting to the members of the ALRC prior to the meeting. Thank you.

Regards,

Eileen & Tim Goode
