SUMMARY:

Staff explained that the Applicant was unable to attend the meeting. Staff explained that the applicant is requesting the addition of the other canopy structure on the front of the building and that both canopy structures be larger than what exists currently. These structures are not permanent, but are considered structures so the Landmarks Commission has to review them. The structures will be affixed to the building.

ACTION:

A motion was made by Slattery, seconded by Rosenblum, to approve the COA to add a canopy on the condition that the method for fastening to the building be approved by staff. Motion passed by voice vote.
