

## **Bonfire Logistics**

**How big of bonfire do we anticipate building (in feet)?**

(10) separate 3' x 3' bonfires

**What materials will be used to fuel the fire?**

Recycled wood supplied by the city's forestry department and garden waste from Olbrich Gardens (clean dry wood only).

**What type of barriers will help contain the fire?**

2' rocks/boulders will be used to create a barrier around each fire.

**What equipment will we have available to extinguish the fire?**

(20) sprinklers that surround the great lawn, additional (4) water hoses and the necessary amount of fire extinguishers

**Who will be responsible for maintaining the fire during the event?**

Aaron Wilkie, Garden Facilitator for Olbrich Botanical Gardens, will supervise the construction of each bonfire and will be onsite to maintain the bonfires during the event.
