1. Public exigency (emergency) will not permit the delay incident to advertising or other competitive processes.
2. The services or goods required are available from only one person or firm (i.e., **true** sole source).
3. The services are for professional services to be provided by attorneys.
4. The services are to be rendered by a university, college, or other educational institution.
5. No acceptable bids have been received after formal advertising.
6. Service fees are established by law or professional code.

- If procurement is being paid with Federal or State grant funds, the vendor was identified by name in the approved Grant Application. (OPTIONAL)

REASON FOR REQUEST**WHY A COMPETITIVE SELECTION PROCESS CANNOT BE USED:**

Provide **detailed** explanation below. For a true sole source, provide all information to explain why this product or service can only be purchased from this vendor. For one-of-a-kind items not sold through distributors, explain the unique performance features of the product requested that are not available from any other product. For services, detail the unique qualifications this vendor possesses, or other reason(s) that meet the criteria selected above. Identify specific, measurable factors and qualifications.

The Madison Fire Department has applied and will be awarded an equipment grant through the WI Hazardous Materials Response System 2019-2021 Equipment Grant. Vendors were identified in the grant distribution file for the two pieces of equipment we were awarded. Non-competitive purchases are required of the grant to establish a standardized cache of response equipment. Thermo Fisher Scientific has been identified as the vendor for the Spectrometer. File 60181 has been entered in Legistar. Munis project 12955 has been setup for the funding and expenditure.

COMMENTS REGARDING PURCHASES OVER \$50,000

The City of Madison has spent \$30,000 with ThermFisher Scientific since 2015, all through purchases that were under the threshold requiring competitive selection.
