Subject: Regent St needs a re-thinking

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Please consider ALL of Regent Street in tonight's T.C. discussion.

City Engineers would prefer the discussion stay limited to the block between Brooks and Park St. New details about DELIVERIES were shared at the Board of Public Works meeting that Transportation Commission is not privy to, and should take into consideration along the entire corridor.

See the attached letter for more details.
