Re: Presentation to UDC
PUD-SIP
1254 Williamson Street

Dear Mr. Martin:

We are proposing the following amendments to the zoning text relating to signage. These proposed revisions will allow for some flexibility in signage while maintaining a reasonable level of consistency and cohesiveness to signage for the entire building. See the attached drawings for sign details.

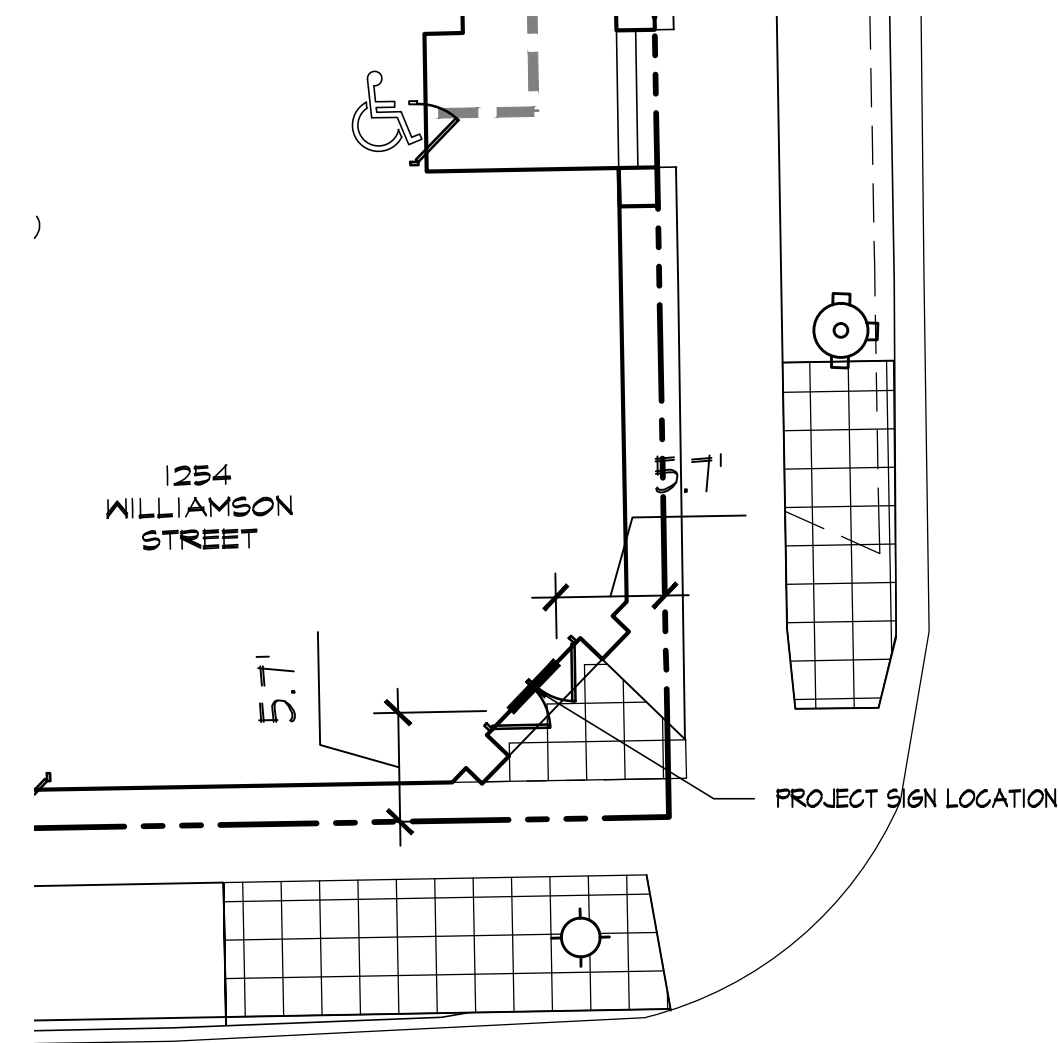

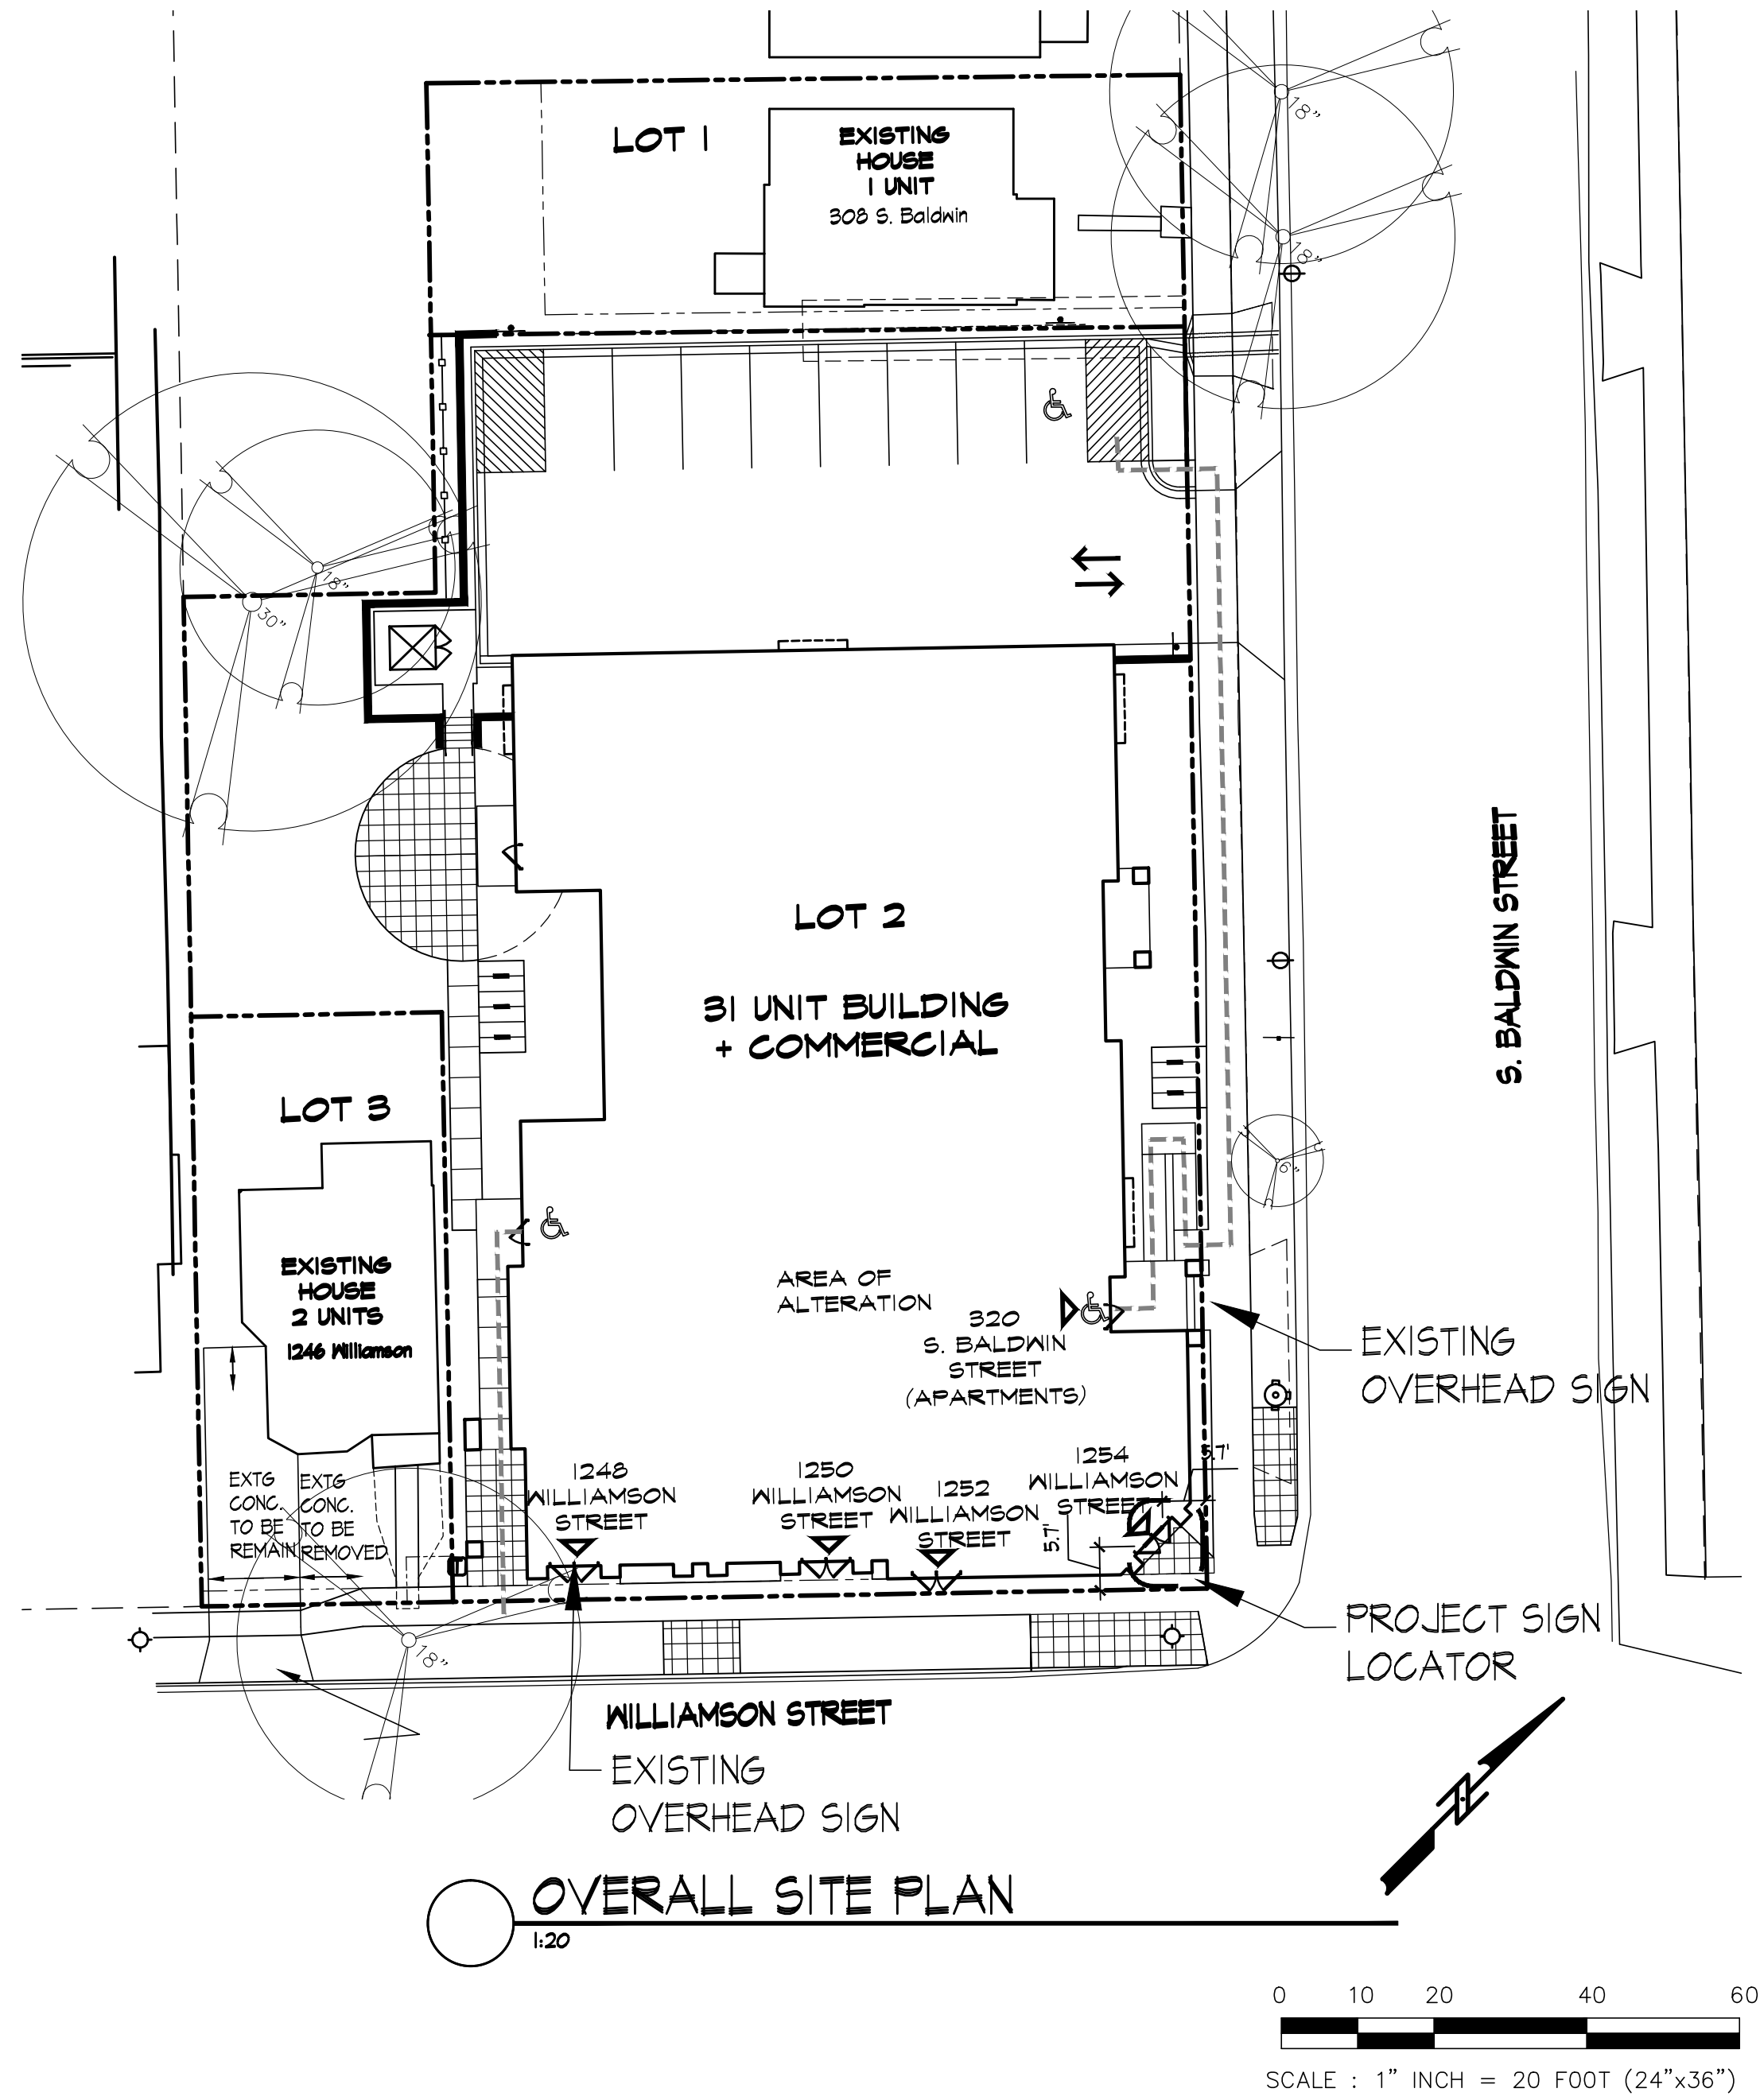

Signage:

1. Business identification signs on wall shall be limited to 40% of the signable areas designated on the recorded PUD elevations or 2 square feet per lineal feet of frontage per Madison Sign Ordinance
2. Logos or corporate crests may not exceed 35% of the size of the sign
3. Business identification signs may be face lit or internally illuminated
4. Internally illuminated signs shall have the following additional requirements:
 - a. Letters shall be prefabricated aluminum with translucent acrylic faces, with a 3/4" trim cap and 5" returns.
 - b. The illumination shall match the sign face color
 - c. The raceway shall match the building color
5. Signage shall be approved by the landlord prior to the applying for a sign permit from the City of Madison. The landlord's signature shall be on the copy of the sign detail submitted with the permit application.
6. Awning signage is not allowed.

Thank you for your time reviewing this proposal.

Sincerely,

J. Randy Bruce, AIA
Managing Member

Sign Description

The sign is made of 1.5" wood board with the name CHANGE as a recessed cutout of 0.5" and painted violet. It has a steel frame skeleton which attaches to the brick facade. The sconces above will contain incandescent bulbs pointed at the sign with no glare or interference to passing traffic.

Existing Sign @ Williamson Street

Existing Sign @ Baldwin Street
