Presentation:

Public Appearance at the Transit and Parking Commission

Wednesday December 14th, 2016

Desired Outcome

Move Metrobus Stop #8235 (Eastbound), currently located at Saybrook Rd. & Schroeder Rd, one block west to Kessel Court & Schroeder Road (across the street from stop #8152 Westbound). Also: request the installation of a Shelter at the above bus stop, plus a crosswalk across Schroeder Rd at Kessel Ct.

Supporting Data

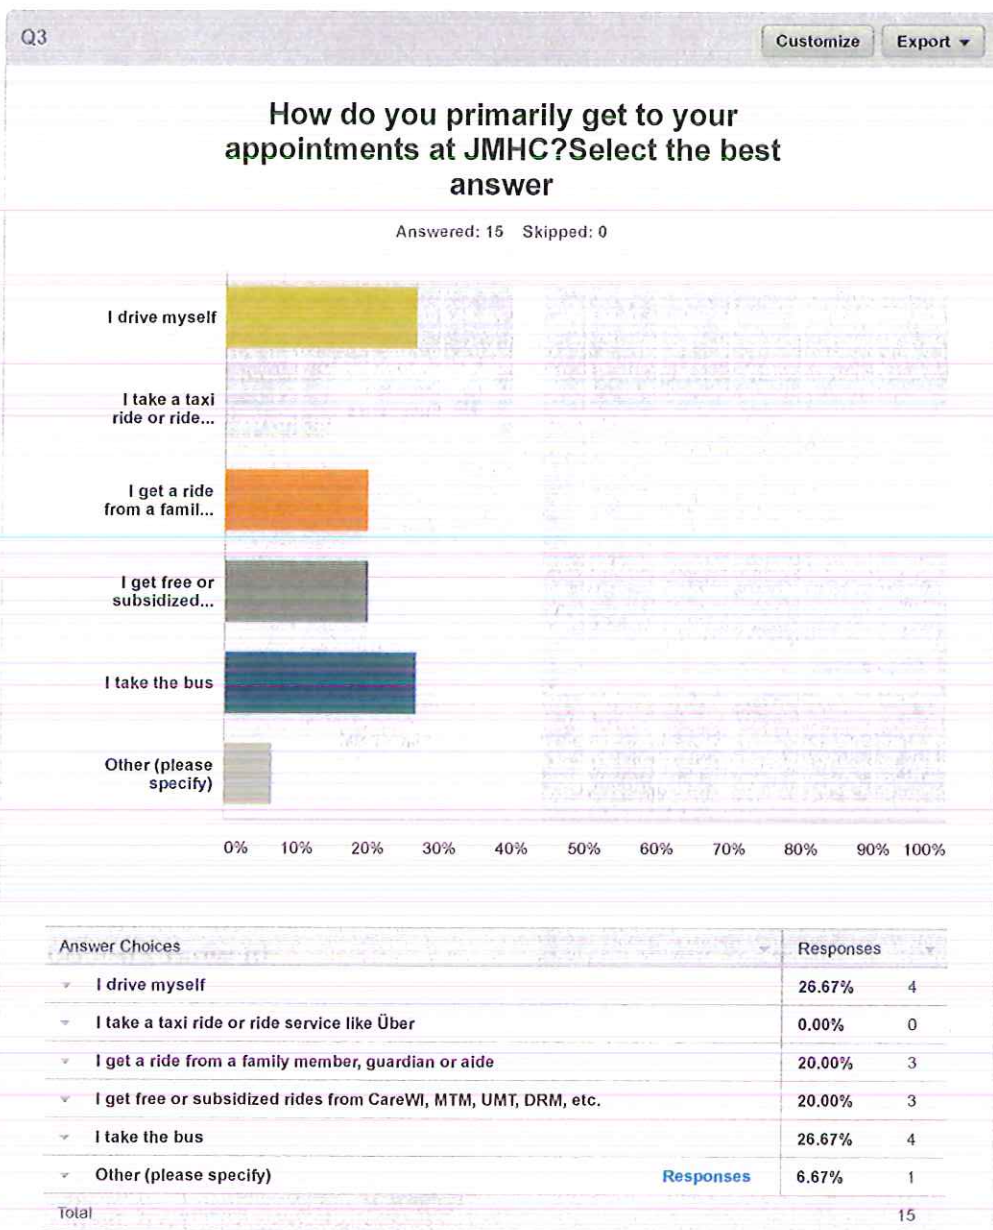

- Increase usage of subsidized bus passes to & from that area, since JMHC move to Kessel Ct. from Kennedy Building downtown in August '16
- Number of bus passes issued from MTM, between 8-1-2016 and 10-2016: 304, or over 100 passes a month (Source: MTM Legal Department)
 - 57 of above passes originally routed from West Washington
 - Figure does not take into account number of JMHC consumers who pay for bus fare independently; actual increased usage most likely higher. (Transportation Research)
- About 27% of our consumers use mass transit as their primary means of getting to JMHC (Source: SurveyMonkey "Transportation Team Survey 2016", started Sept. 2016)
- Number of people using this line for JMHC appointments will increase as more of our programs relocate to Kessel Court in 2017.
- Current Metrobus data states the average rider pickup at that stop is 17. Will work with GIS specialist to see how JMHC move to Kessel Ct affects usage of those stops as well as ridership on the buslines that serve that area (50, 58 and M1)

Overview of Area Affected
