Good Morning Amy

Anne has asked me to forward the pictures of the 3" siding for the front of the building and for the scallops.

Sincerely

HALF ROUNDS

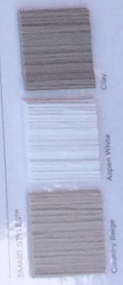

Truly finish your siding.

Portsmouth™ Half Rounds are a classic way to accent and distinguish your exterior while topping your home with instant curb appeal. Use our half rounds to add visual pop to the simplest cottage or embellish gables for a dramatic finishing touch. When it comes to making your home stand out, the beauty is in the details.

The perfect siding comes in the perfect color. For you, that is.

We've made arriving at the perfect color easier with these convenient color swatches. Color reflects and affects design as much as texture, so keep your favorite shades in mind when deciding what works inside your home and out.

- Quaint cottage pattern modeled from real cedar shingles
- Seamless design
- Assurance™ Fastening System for secure, precise installation
- Superior impact, fade and warp resistance
- Wind resistant up to 140 mph
- Lifetime Limited Warranty
