SURVEYED BY & FOR:
 Parks Division
 City of Madison, WI
 PO Box 2987
 Madison, WI 53701
 (608)266-4711

NOTES:

1. See additional pages for additional dimensions and notes.
2. South Side Way (originally Raywood Road) within this CSM was vacated by Doc No. _____. Upon vacation of South Side Way, the Encroachment Agreement recorded as Doc No. 4703594 was terminated due to convergence of title. This land was vacated subject to sanitary sewer easements Doc Nos. 945871 and 1759625 (1759625 corrected by _____).
3. Arrows indicate the direction of surface drainage swale at individual property lines. Said drainage swale shall be graded with the construction of each principal structure and said drainage swale maintained by the lot owner unless modified with the approval of the City Engineer. Elevations given (see Point Table) are for property corners at ground level and shall be maintained by the lot owner.
4. All lots within this survey are subject to a public easement for drainage purposes as shown on the map. No buildings, driveways, or retaining walls shall be placed in any easement for drainage purposes. Fences may be placed in the easement only if they do not impede the anticipated flow of water. NOTE: In the event of a City of Madison Plan Commission and/or Common Council approved re-division of a previously subdivided property, the underlying public easements for drainage purposes are released and replaced by those required and created by the current approved subdivision. The intra-block drainage easements shall be graded with the construction of each principle structure in accordance with the approved storm water drainage plan on file with the City Engineer and the Zoning Administrator, as amended in accordance with the Madison General Ordinances.
5. All lots created by the Certified Survey Map are individually responsible for compliance with Chapter 37 of the Madison General Ordinances in regard to storm water management at the time they develop.
