for redress to the Governor on Non Controversial matters - How can you possibly live with yourselves while you allow these things to go on.

② Conditions at the Salvation Army Women & Women's Children Shelter at 630 E Washington Avenue need improvement to say the least. I have verbally & in writing as a master degree (WDM 6/88) Social Worker brought this to the attention of Salvation Army Staff & now bring it to your attention in case city or county or United Way or federal funds are going there. They may need to be financially audited and more to be spent - The degrees + training + credentials of staff working directly with people MUST be checked including possible use of drugs, overuse of alcohol, solicitation for prostitution, history of sexually abusing children or adult women, gamblers, etc. I am EXTREMELY serious about this - I know I live there.

PS - People can get all these magazines & papers
at Public Libraries

(d) Please consider getting rid of all
free magazine & paper boxes on your
streets. Saturday I found at the very
bottom of an ONION PAPER BOX near
The Pyle UW Madison Memorial Center & UW-
MADISON'S Memorial library where ^{road} construction
on Lake St. is still going on

2 pieces of jewelry - which may be
nothing but costume jewelry or may
be the real thing - ^{real} diamonds.
This was 2 bracelets.

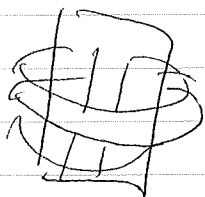

(e) I draw your attention to the fact that at
7/10 3pm Sunday the doors to BASCOM
Administration at UW Madison

were open though the doors plainly say
Closed on Saturday & Sunday. 2 white
males - younger 18 to 40 entered BASCOM &
then exited a door in the front to the
west. 2 ~~men~~ UW-MADISON came to
talk to me about why I was yelling and
sitting by Abraham Lincoln - they said
they had had a Citizen complaint. I
wished to draw that to the attention of the
Federal Court today in Madison where I
have active cases passer prose with Judge
William Conley. all CIVIL cases.

Ⓣ There are any number of Kiosks
in the City of MADISON. almost
all have low level life ads on them.
when one removes them one sees bars of
wood around perhaps an aluminum base

These posters + boards of wood underneath
have been set on fire - it is clear.
These Kiosks may fall over when
afire + burn lawns, trees, even
houses. I don't know why you are
allowing These Kiosks. More I don't
know who is watching the low life
things advertised on these Kiosks
especially at CW-MADISON -
once a rather good
UNIVERSITY.

cc: General
council
And these Free magazine + newspaper
boxes are smothered by the Kiosks. It is
possible that if they were on the
ground outside to box + a Kiosk caught
on fire, they could go aflame too.

Attorney

PS. ^{written}
a claim for my fall
has been put in with
The Clerk's office here
today.
