3. 17368 2009 Parks Division Pesticide Report

A motion was made by Hewitt, seconded by Sonzogni, to Accept the report, and suggest to the Park Commission that it be referred to the Board of Public Health for their consideration. The motion passed by voice vote/other.

Public Comment by Maria Powell, 1311 Lakeview Ave, included support for the City's efforts to document pesticide application. She lives next to property owned and maintained by Dane County and said she has been able to find no evidence that Dane County tracks their pesticide application. Bill Sonzogni agreed to bring the issue to the Board of Health for further discussion.
