Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello Jim,

I called the city clerks office and they told me to email you.

We are requesting an extension for Veil and Vault's Liquor License due to construction delays.

Our original General Contractor pulled out of the project, so we had to find a new general contractor to pick it back up.

Please let me know what documentation we need to provide.

Good evening,

Congratulations! The Alcohol License Review Committee recommended to the Common Council to grant your liquor/beer license application. The application will be at the 1/13/26 meeting for final approval. You can begin to reach out to the agencies that need to sign-off on your license. The following items must be completed and/or submitted to the City Clerk's Office before we can issue your license:

- **Building Inspection**—It is your responsibility to schedule this inspection by calling Building Inspection at (608) 266-4551 or binspection@cityofmadison.com.

- **Health Inspection** —It is your responsibility to schedule this inspection by calling the Health Department at (608) 242-6515 or leadadmin@publichealthmdc.com.
- **Fire Inspection** —It is your responsibility to schedule this inspection by calling the Fire Department at (608) 266-4420 or fireprevention@cityofmadison.com.
- You will need to call **Zoning** at (608) 266-4551 or zoning@cityofmadison.com to discuss the zoning regulations that would affect your establishment.
- Lastly, **Licensing Fees** must be submitted to the City Clerk's Office. This should be done when you are ready to pick-up your license. The liquor license fees will be prorated for the remainder of the licensing year, and "Class B" Combination Liquor and Beer licenses issued may incur a **\$10,000 reserve fee**. *Checks should be made payable to City Treasurer.*

If you complete all inspections prior to the Common Council meeting, it is possible to get a provisional license to operate prior to issuance of your full license. You will need to pay all license fees, plus a \$15 provisional fee. This provisional license is valid for two months.

On your application, you affirmed on question 33 to agree with the Statement of Intent (as part of Madison General Ordinance 38.05(3)(a)12) to complete all the above steps and be issued your license within 180 days of the Common Council granting your license. If you do not complete these steps and have your license issued within 180 days of granting, the license shall be considered surrendered. Per the ordinance, if construction activities will delay your inspections, you may petition the Common Council for an extension of this deadline. You should submit your request and proof of these delays to the clerk's office at least a month in advance of the deadline. Your request will go before the ALRC, followed by the Common Council's final action.
