## WHY I WISH TO SERVE

---

I have always had a passionate interest in city government and politics in general, but have never been in the right position to be able to serve. I was disappointed when I heard that Zach Brandon was resigning his aldermanic position because I've always admired his fight for fiscal responsibility. Later, I realized this was an opportunity for me to serve the citizens of the 7<sup>th</sup> district and the City of Madison by bringing a disciplined, common sense approach to city government. I believe I have a unique set of skills that would make me an asset to Madison, and the people I would represent.

## WHAT I WANT TO ACCOMPLISH

---

1. Promote fiscal responsibility in the common council.
2. Maintain and improve basic city services.
3. Promote economic development.
4. Contribute to a common sense rewrite of the zoning code.

## FUTURE PLANS

---

I plan to run in the Spring 2009 election.
