

Madison in Motion

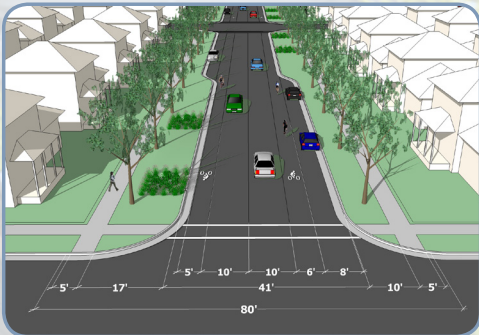

Sustainable Madison Transportation Master Plan

Tuesday September 20
Madison Central Library, Room 301
4:30-8:00 pm Open House
Mayor's Welcome - 5:45 pm
Presentation to follow

Open House

Please share your feedback on Madison in Motion, the City's Draft Transportation Master Plan. This comprehensive planning effort has developed a long range transportation system vision that will help to make Madison a more walkable, bikeable and transit-oriented City.

Come hear about how demographic shifts and rapidly-emerging technologies are affecting the future of transportation. We are interested in your thoughts about the Madison in Motion's draft recommendations to improve our public transit system, streets and roadways, bicycle networks and pedestrian facilities throughout the City.
