

My name is Troy Nye and I have lived in Grandview Commons for 8 years. We are now in our second house as we love the neighborhood. Part of the reason we purchased in Grandview was due to the grocery store and subsequent Town Center.

I absolutely love the plan being proposed and think it will be a perfect boost to both the neighborhood and the economy.

Thank you to Capps and the developer for your continued patience and I look forward to get the process moving.

Sincerely

Troy A. Nye
