**Subject:** UDC meeting

To UDC members:

I ask that you strongly reconsider the placement of the underground parking entrance/exit of the Phase II Sequoia Commons Project.

Placement of this entrance/exit on the Caromar side will pose obvious risks to: school traffic, both pedestrian and vehicles, foot traffic crossing at Owen to and from the library etc., as well as cause an increased volume of traffic which will compromise the integrity of this tiny neighborhood street.

Because of the density and high volume of this Phase II project, I realize the issue of entrance/exit is troublesome whether it is on Midvale or Caromar.

**This project is simply oversized !**

Nevertheless, it is clear to me that the Midvale side should be favored so as not to burden this residential street or compete with foot, school and neighborhood traffic,

Westmorland Resident,  
Clove Lilienthal
