Dear Friends,

We live at 360 W. Washington Street #608, but have been out of town and missed the in-person meeting concerning a "change of conditions" for the RED on August 20. We are adamantly against this change.

We already suffer from strong and mostly unpleasant odors that are exhausted from their kitchen into our parking area and garden. Adding noise pollution to this already unwelcome presence is unacceptable.

Thanks so much for reaching out to us -- We hope this response arrives in time to be considered along with other input from neighbors.

Anne and David
