**GENERAL OR STANDARD REVIEW COMMENTS**

1. Section 28.185(9)(b) requires that every applicant for a demolition or removal approval that requires approval by the Plan Commission is required to get a Reuse and Recycling Plan approved by the City Recycling Coordinator, Bryan Johnson at streets@cityofmadison.com prior to receiving a raze permit. Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(9)(b) shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition. A demolition or removal permit is valid for two (2) years from the date of the Plan Commission approval.
2. Submit updated Master Plan exhibits, including for proposed building removals, proposed building use and construction, and proposed project phasing.
3. Clearly show the building setback distances as measured to the property lines on the detailed site layout plan pages.
4. Per Section 28.186(4)(b), the property owner or operator is required to bring the property

into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.
