

2-7-24 Flock to State: Street Painting Art - MAC Recommendation needed

Street Painting Medallions: Three signature flamingo artist street paintings in the middle of blocks 400, 500 & 600:

- Staff worked with five artists and gave them design fees for proposals for larger street painting projects. MAC would choose 3 from the 5 to be painted by the artists. Artists would get \$1500 to paint (paint provided by us) if chosen.

Jessica Gutierrez

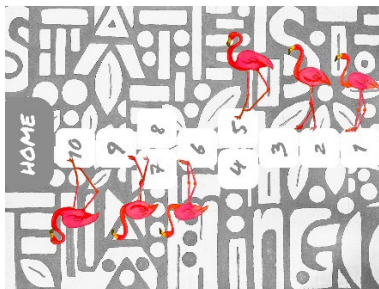

Rahul Kamath

Flock to State Mural

Taylor McAda

Sharon Bjyrd

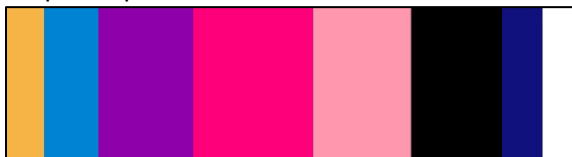

Aeryn Streiffer

Staff Recommendation

Pavement Paintings:

- Staff would like to work with all three artists that submitted round medallions (Kamath, McAda and Gutierrez) and work with them to re-color their designs into art that would work well with a limited coordinated palette. This would tie the three together and make for an easier street painting project.
- Proposed palette:

Other projects:

- **Hopscotch:** Staff also found value in the two other designs and think that it would be great to work with Sharon Bjyrd on a hop-scotch design to be located somewhere in the pedestrian experiment area as an activity.
- **Vinyl Wrap:** Staff found great value and whimsy in Strieffer's submission, and while it likely wouldn't work well for a pavement project, it would make for a great utility box wrap, bench wrap or other design project for the pedestrian experiment.
