

Excerpt from the draft Minutes of the 3/15/07 meeting of the ADA Transit Subcommittee, related to the proposed pilot program for a 31-day Senior/Disabled Pass:

Mr. Erlanger moved and Mr. Gruber seconded that ADATS refer a proposal for a senior/disabled pass for fixed route to the TPC. The cost will be \$23.50 for a 31-Day pass. It will be a pilot for a year with the outlets being Metro by Mail, the Metro office, the Website and possibly senior centers. The motion carried.

Metro staff also recommended that there be a benchmark to decide if the pilot pass worked. They said if 25% of current senior/disabled ticket users migrated to the pass (that would be about 500 passes sold), it would be considered enough of a demand to continue the pass.
