National Export Initiative Start-up America Small Business Incentives & Tax Breaks

NATIONAL EXPORT INITIATIVE

In 2010, the President established the National Export Initiative (NEI) to double U.S. exports over 5 years and create millions of jobs. As part of the NEI, the government has implemented a new website—www.export.gov—that offers tools to help small businesses begin exporting or access new markets.

STARTUP AMERICA

This interagency initiative connects entrepreneurs with successful businesses, opens up \$2 billion in seed capital for emerging companies in fields of strategic importance, such as clean energy, and aims to simplify tax policy.
