

STATE BAR AND GRILL SECURITY PLAN

The reason for our application is to be flexible to the wants and needs of potential customers. We book space for office parties, political gatherings, weddings, graduation parties etc. We are getting requests for DJ's and Karaoke.

We staff according to the night of the week and/or events of our own and those outside our control such as a show at the Orpheum , the Overture, Taste of Madison, Halloween, Badger sports etc.

We turn on closing lights and stop music a half hour before bar time and the bar is cleared of patrons before bar time.

Unruly and over intoxicated individuals will be asked to leave and are escorted out.

We will card hard and not cater to underage.

Staff has been advised to call police when ever necessary. Altercations will be assessed quickly as possible. If the situation is more than staff can handle Police will be called.

It is not possible to know who might be working on a particular event night. Staff is shuffled around as needed. We have senior employees not actual managers. Management is family: Larry, Tracy, Tom @ Tim Schmock and Tara Gangstadt.

We do not plan on scheduling any national events or bands which would call for an admission such as the Annex, the Orphuem, the Majestic or the Overture.
