

BPW Meeting January 6, 2010:

Review of Projects by Engineering Environmental Staff for Impacts to Water Resources

6. Old Middleton Road Assessment District

This project will disturb more than an acre, which shall require a Notice of Intent permit from the DNR and an Erosion Control/Stormwater Management permit from City Engineering. The pond construction associated with the project shall require a Chapter 30 permit from the DNR. The culvert replacement included in the project requires a TRANS 207 permit from the DNR. The TRANS 207 permit application has already been applied for. **(Lisa Coleman & Tony Fernandez, City Engineering)**

21. John Nolen Path Rehabilitation

This project involves placing fill below the Ordinary High Water Mark of a navigable waterway. An Army Corps of Engineers permit and DNR Chapter 30 permit have already been requested and granted. **(Tony Fernandez, City Engineering)**
