Hi Kelli,

We had our course certified this weekend and we really only need some of the 100 block. I've attached a map here. We would need these streets closed Saturday at 2pm and we could re-open Sunday at 5pm. We'll keep the hours the same for these streets and for the Square.

We will need to no-park these streets.

Let me know what we need to do moving forward.

Thanks for your help with the trash cans!

Jody

Hey Jody - sorry for the delay, it's been meeting week from . . . and I didn't even have street use!? Anywho, this would probably need to go back to street use. Would send me a map of the square with the additional streets you want closed indicated? Also provide the time they would be closed and reopened and if you want parking removed.

I did get your email about the trash barrels. I'm meeting with the Mall Supervisor on Monday to discuss what barrels we have available. I'm pretty sure we can handle 20, but I'll know for sure then.

Have a good weekend. Kelli

Hi Kelli,

Regarding the Madison Marathon street use permit. We requested the Square, the 200 block of MLK and the 100&200 block of Wisconsin. Is it possible to ammend the permit to include the surrounding 100 block? Based on where we expect we may need to line runners up for the start, we may need to stop traffic from coming up the 100 block (Main/King/Pinckney, for example)

Is this possible? Thanks for your consideration,

Jody
