The Cardinal Bar, LLC plans to open as a classic, jazz tavern as it was for many years. We will host live music, community meetings, and special events. We have intended to provide outdoor seating until 9pm during applicable months. Our current capacity is 170 in, 20 out.

We have received approval for our liquor and entertainment licenses and look forward to opening in the next couple of months. We are applying for a conditional use license.

I can be contacted with any further needs at all.

Thank you.

Allison Lenz, Co-Owner
