Hello.

Are you able to make the email below and the to/from information into a pdf and then save it as 20929 Rummel letter in the AAAAAA file? I appreciate this!

Amy

Amy and All-

Please share my comments with Commission on Agenda item #2 legistar number [20929](#) 315 North Carroll Street - Bethel Lutheran Church Expansion involving a designated landmark (Steensland House) and in the Mansion Hill Historic District

Please ask the applicant to do due diligence and study moving the house on the lot and building the new structure around it before you consider any other options.

I'm not sure I will be able to attend but I will be following this project with keen interest.

Thanks for all you do-

Marsha
