

Reasons 'WHY'
Spring Harbor
'Environmental Magnet'
Middle School

Should paint a mural in the
The UNIVERSITY AVENUE 'WALKING TUNNEL'

A perspective view of a dark, narrow tunnel. The walls are textured and appear to be made of concrete or stone. The floor is also dark. At the far end of the tunnel, there is a bright, glowing light source, creating a strong contrast with the surrounding darkness. The text "IT'S DARK and SCARY" is overlaid in the center of the image, with "IT'S DARK" and "SCARY" in all caps and "and" in lowercase.
