Re: Italian Workmen's Club National Register of Historic Places nomination
914 Regent Street

The City of Madison Landmarks Commission was pleased to review the nomination for the Italian Workmen's Club at its January 8, 2024 meeting and would like to enthusiastically support this property's designation to the National Register of Historic Places.

The submittal makes a successful case for the historic significance of this cultural institution that has been such an integral part of the Greenbush neighborhood. This building is a significant part of our urban landscape and we celebrate its preservation and ongoing use.

Thank you for the opportunity to provide comments.

Sincerely,

Katherine Kaliszewski
