

**Note to Commission: 120 W Gorham Street**

The owners have submitted the designs for landscaping and masonry knee wall for 120 W Gorham Street, which was designated a local landmark in 1984.

The plans call for the removal and replacement of the concrete sidewalk leading to the entrance, the removal of a maple tree, as well as replacement and removals of other plantings. The design also proposes a short concrete masonry knee wall built adjacent to the sidewalk.

Staff does not object to this proposal.

Respectfully submitted,  
Rebecca Cnare and Bill Fruhling
