Total Purchase Amount: \$50,001.00

Vendor Name: Waste Management

Product/Service Description: soil landfill disposal

\$50,000 and UNDER
This form will be sent to the Purchasing Supervisor for review.

OVER \$50,000
Complete this form and draft a resolution using the sample resolutions provided by the City Attorney to your Budget Analyst. **Your resolution will not be added to the Finance Committee agenda without this form.**

Check the box(es) for the exception criteria you feel are applicable:

1. Public exigency (emergency) will not permit the delay incident to advertising or other competitive processes.
2. The services or goods required are available from only one person or firm (i.e., **true** sole source).
3. The services are for professional services to be provided by attorneys.
4. The services are to be rendered by a university, college, or other educational institution.
5. No acceptable bids have been received after formal advertising.
6. Service fees are established by law or professional code.
7. A particular consultant has provided services to the City on a similar or continuing project in the recent past, and it would be economical to the City on the basis of time and money to retain the same consultant.
8. Otherwise authorized by law, rule, resolution, or regulation. Explain:
- If procurement is being paid with Federal or State grant funds, the vendor was identified by name in the approved Grant Application. (OPTIONAL)

REASON FOR REQUEST**WHY A COMPETITIVE SELECTION PROCESS CANNOT BE USED:**

Provide **detailed** explanation below. For a true sole source, provide all information to explain why this product or service can only be purchased from this vendor. For one-of-a-kind items not sold through distributors, explain the unique performance features of the product requested that are not available from any other product. For services, detail the unique qualifications this vendor possesses, or other reason(s) that meet the criteria selected above. Identify specific, measurable factors and qualifications.

There are only two landfills in Dane County, one operated by Dane County and the other by Waste Management. For the disposal of contaminated soil, Waste Management's landfill is typically half the price as Dane County's landfill. Disposal costs will continue to be bid on a project by project basis and POs will be issued for each Capitol project that requires disposal.

COMMENTS REGARDING PURCHASES OVER \$50,000

The City of Madison has spent \$573,375 with Waste Management since 2016. There has not been a competitive process, as City Engineering previously viewed them as a utility that manages the lower cost of two landfills available for this type of contaminated soil, and in 2019 asked Common Council for authorization to continue using them as a non-competitively selected vendor for three years via resolution #55310, passed 4/30/2019.
