### **Dane County Coalition to Reduce Alcohol Abuse Position Statement on Agenda Item 3**

The Dane County Coalition to Reduce Alcohol Abuse opposes the T Sushi application to expand its premises and increase capacity, which is subject to a hearing before the ALRC this evening, November 26<sup>th</sup>, 2012.

Initially, when the applicant was granted his license, he agreed to not expand his premise to the upstairs area and not seek an entertainment permit. In the span of the last few months, he has now filed applications and had hearings at the ALRC asking for both. The ALRC already rejected the application for the entertainment permit and we ask that the ALRC again reject this application for an expanded premise and increased capacity.

The Madison Police Department has continued to oppose both of these requests by the applicant. They have restated that they only supported the original license application because the applicant agreed to not expand his premise to the upstairs area and not seek an entertainment permit. We ask that the ALRC continue to support the Madison Police Department on this matter.

The Coalition asks the ALRC to deny this application by T Sushi to expand its premises and increase capacity.

Thank you for your time.
