Hello there im reaching out from zavalas market and taqueria because I am looking to get an extension on the deadline for the fire barrier that were working on. The reason for the extension is because we are trying to figure out how move forward but the person who is helping me with this is a bit confusing his name is Fransisco and he is telling me that you guys have not approved him to continue with the job when hes been working to get that figured out for 3 weeks almost now. The owner of the building is going to bring an architect on Monday June 24th to see if we have any other ways of moving forward as soon as possible, that would be my reason of asking for an extension. I hope to be in contact soon, if you could also just let me know what exactly I need to do to get this done.
