Dear Bill:

On behalf of the Board of Health for Madison and Dane County, I want to thank you for your years of service to the Board of Health, Public Health Madison and Dane County, and the people of Dane County.

Your depth of experience in environmental health issues was extremely helpful to our discussions and decision-making. As a member of the first Board of Health after the merger of two local health departments, you brought great wisdom, insight, and practicality to our deliberations and efforts to create a strong organizational structure that is now positioned to help promote health, prevent disease, and assure healthy conditions for our citizens.

Although we appreciate your interest in retiring from your many active professional roles to seek relaxation and fish in the beautiful northwoods, we will truly miss your fine work and steady presence on the board. We wish you the best in your retirement and again, thank you for your service to public health.

Sincerely,

Susan J. Zahner, DrPH, RN
