\$50,000 and UNDER
This form will be sent to the Purchasing Supervisor for review.

OVER \$50,000
Complete this form and draft a resolution using the sample resolutions provided by the City Attorney to your Budget Analyst. **Your resolution will not be added to the Finance Committee agenda without this form.**

Check the box(es) for the exception criteria you feel are applicable:

- 1. Public exigency (emergency) will not permit the delay incident to advertising or other competitive processes.
- 2. The services or goods required are available from only one person or firm (i.e., **true** sole source).
- 3. The services are for professional services to be provided by attorneys.
- 4. The services are to be rendered by a university, college, or other educational institution.
- 5. No acceptable bids have been received after formal advertising.
- 6. Service fees are established by law or professional code.

- 7. A particular consultant has provided services to the City on a similar or continuing project in the recent past, and it would be economical to the City on the basis of time and money to retain the same consultant.
- 8. Otherwise authorized by law, rule, resolution, or regulation. Explain:
- If procurement is being paid with Federal or State grant funds, the vendor was identified by name in the approved Grant Application. (OPTIONAL)

REASON FOR REQUEST

WHY A COMPETITIVE SELECTION PROCESS CANNOT BE USED:

Provide **detailed** explanation below. For a true sole source, provide all information to explain why this product or service can only be purchased from this vendor. For one-of-a-kind items not sold through distributors, explain the unique performance features of the product requested that are not available from any other product. For services, detail the unique qualifications this vendor possesses, or other reason(s) that meet the criteria selected above. Identify specific, measurable factors and qualifications.

The COVID Response Corps Fellow (Manjari Ohja) has provided services to PHMDC on a similar or continuing project in the recent past, and it would be economical to PHMDC on the basis of time and money to retain the same consultant. Specifically, the Fellow has supported the maintenance, data quality, and regular updating of the Dane County COVID Data Dashboard since 2021 and the Fellow has been funded through state Epidemiology & Laboratory Capacity grant funds through June 30, 2023. PHMDC is transitioning its COVID dashboard to a more comprehensive respiratory pathogen monitoring dashboard and the Fellow is uniquely poised to assist with this transition given her experience and expertise with PHMDC's dashboard infrastructure. The Fellow is part of the team selected for the 2023 cohort of the Council of State and Territorial Epidemiologists' Data Science Team Training program, where the team project is focusing on developing a respiratory surveillance data system and dashboard. The specific scope of work for this service would be to support the transition of the PHMDC Epidemiology & Data Science program from a COVID-specific data dashboard and surveillance system to respiratory pathogens more broadly.

COMMENTS REGARDING PURCHASES OVER \$50,000

The City of Madison has had many partnerships, agreements, contracts, etc. with the University of Wisconsin. Because Madison General Ordinances do not require competitive selection when entering into contracts with universities, colleges, or other educational institutions, most of the money paid to the University by the City has not been competitively selected.
