

My name is Connee Jones. I am writing to you today to ask for your blessing to open a new and exciting business on Madison's North side. My business concept is modeled after similar businesses in the paint and sip industry. My goal is to bring a fun, relaxing and enjoyable experience to my guest by providing a great place to come socialize and be creative. People will have the opportunity to be artistic and tap into their creative side while having fun and being social. My business will host several paint and sip events monthly along with other classes and workshops. I also want to give local entrepreneurs a platform to grow and promote their business by hosting poetry and comedy shows, networking events and vendor pop up shops. The building I want to lease is located at 1151 N. Sherman Ave. I think this is a great location for this type of business. Please let me know if you have any questions or would like to discuss over a phone call. I can be reached at 608-295-1091 or by email at hayesplaceevents@gmail.com

Thank you,
Connee Jones
