RE: Complaint Follow-up by Rick Wenta-Public Health Madison & Dane County

From Rick Wenta (Environmental Protection Leadworker):

I spoke with Mr. Vanko on the phone earlier this year. He lodged a general odor complaint, stating that Brandon Macomber had investigated previously. I gave him the same information I give every odor complainant.

1. Keep a log.
2. Inform us when it is occurring so we can experience it ourselves.
3. DNR nuisance odor process.

Brandon and I discussed the case over the phone and I reviewed the record entered in Accela. Since Barrique's employs all available emissions controls, I explained to Mr. Vanko that the DNR nuisance odor process was futile because the ultimate best outcome would be for the DNR to require them to install all available emission controls.

On 7/28, Mr. Vanko gave me a compact disc of movies of the smoke. We also discussed, at length, his possible avenues for eliciting change, specifically, BI or Zoning addressing the alleged discrepancies with roasting on site and their Conditional Use Permit. I reiterated the lack of regulations we have available to compel a change in Barrique's operations. I offered (for the second time) to perform air monitoring since Mr. Vanko believes the PM to be a health issue.

8/6 I dropped off the compact disc so Brandon could watch the movies Mr. Vanko had recorded.

Mr. Vanko,

There were a total of 48 parking violations in the 800 block of Parr St. for the period between 1/1/12 through 12/15/14. I hope this information is helpful, contact us again if there is anything else needed.

Thank you,

Nancy

Dear Mr. Mayor:

I hope you will find the time to watch this 5 minute video of the rain storm on June 8, 2011 at about 8:15p.m. It will show you the frustration I have had with getting city staff, DNR. and Alder Dist. 13, to address these situations. 961 and 967 S. Park St. are under construction, and this is the result of neglected construction site runoff procedures. Silt screen materials were on the job site but not put into place because of lack of enforcement. I believe I read during your campaign that lake quality was a high priority. I feel that city staff should follow your lead on this situation. When Scott Kerr of building inspection found out the lot causing this problem was owned by the Sisters of St. Mary's, he said there could be a problem. Should it matter who owns a property as to what rules should be followed, and how the city deals with parties that don't follow ordinances.

I can only hope that you find this important enough to act on it. I'm born, raised, schooled, live, worked, and retired in Madison. The lakes mean a lot to me and I hope all citizens of Madison. Its way past time to start taking care of them.

Sincerely,

Stephen A. Vanko

I would like to thank-you for showing an interest in the materials we sent you. The pictures and text show you the concerns we have about the Barriques, 961 S. Park St. application. Jane and I were at both the December 15, 2010 and January 19, 2011 meetings. I filled out the Registration Statement on 1/19/2011 for Oppose, wish to speak and available to answer questions. Jane filled out the Registration Statement on 1/19/2011 for Oppose, and I think do not wish to speak. Our names were never called to address the committee. We followed the Roberts rules of order. After the vote was taken I went up to the clerk and asked why we were never called. He searched through his paper work and found our Registration Statements. He said it was his mistake and said he was sorry. I would like to ask you where Jane and I go from here. It is 2:55pm on 1/20.2011 and have heard nothing from the city.

RE: 961 Nolan Inc. dba Barriques, 961 South Park St.

Dear Mr. Vanko and Ms. Elmer:

Please consider this an invitation to speak to the Madison Common Council regarding your reservations for the business planning to operate at 961 South Park St. The meeting will take place in room 201 of the City-County Building at 210 Martin Luther King, Jr. Blvd. on February 1, 2011, beginning at 6:30pm.

The vote taken by the Alcohol License Review Committee was not a final action, but rather a recommendation to the Common Council. The Common Council has the final authority to grant or deny the license.

I again apologize for my error on January 19. As you already know, it was Chair Hart's hope that you could come back into the Council Chambers that night to speak on the issue, but you chose to leave instead.

You certainly have the right to inform the Common Council of your opposition at the February 1 meeting.

Sincerely,

Eric Christianson
