# Italian Street Painters

**Madonnari** 1.(noun) An Italian word for Street Painter.

Lead by Maestra Madonnara Melanie Stimmell Van Latum, students will learn the history of this 500 year old Italian tradition in an inspirational presentation featuring the works of professional and student street painters. The students will then, with guidance, create their own individual soft pastel paintings or one larger-than-life group masterpiece for a carpet of magnificent color on your school campus.
