RE: Legistar #50987; Accela ID: 'LNDUSE-2018-000029' -- Approval of a Conditional Use to construct a two-family twin home within 300 feet of another two-family twin home.

Dear Ms. Herbert:

At its May 7, 2018 meeting, the Plan Commission, meeting in regular session, found the standards met and approved your conditional use request to construct a two-family twin home within 300 feet of another two-family twin home **1802 Legacy Lane**, subject to the conditions below. In order to receive final approval of the conditional use, and for any permits to be issued for your project, the following conditions shall be met:

Please contact Tim Troester of the Engineering Division at (608) 267-1995 if you have any questions regarding the following item:

1. The plan set shall be revised to show more information on proposed drainage for the site. This shall be accomplished by using spot elevations and drainage arrows or through the use of proposed contours. It is necessary to show the location of drainage leaving the site to the public right-of-way. It may be necessary to provide information off the site to fully meet this requirement. The drainage plan shall be in compliance with the approved master drainage plan for the Southern Ridge plat on file at City Engineering. (POLICY)

Please contact Jeffery Quamme of the Engineering Division – Mapping Section at (608) 266-4097 if you have any questions regarding the following item:

2. Remove all references to 1802A, 1802B, Unit A, Unit B. The addresses for the duplex are: North half is 1802 Legacy Ln; South half is 1804 Legacy Ln. The site plan shall reflect a proper street address of the property as reflected by official City of Madison Assessor's and Engineering Division records.

Please contact Sean Malloy of the Traffic Engineering Division at (608) 266-5987 if you have any questions regarding the following item:

3. No driveway shall be constructed that interferes with the orderly operation of the pedestrian

walkway. This will require all pedestrian ramps to be constructed separate from driveway entrances; a curb-head of no less than six (6) inches in width shall be constructed between all pedestrian ramps and driveway entrances. This is especially important at 'T' intersections where lot and building layout become critical; to prevent interference with the pedestrian ramp, lots intersecting or adjacent 'T' intersection may require a shared driveway and access.

Please contact Jenny Kirchgatter, the Assistant zoning Administrator at (608) 266-4429 if you have any questions regarding the following item:

4. Verify the widths of the driveways at the property line. Each driveway may be a maximum of 22 feet wide at the property line. Maximum driveway width is the width of the garage entrance or parking area, up to a maximum of 22 feet.

Please contact Bill Sullivan of the Fire Department at (608) 261-9658 if you have any questions regarding the following item:

5. Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D. Additional information is available at the Home Fire Sprinkler Coalition website: <https://homefiresprinkler.org/building-residential-fire-sprinklers>

Please contact Sarah Lerner of the Parks Division at (608) 261-4281 if you have any questions regarding the following item:

6. Park Impact Fees (comprised of the Park Infrastructure Impact Fee, per MGO Sec. 20.08(2)), and Park-Land Impact Fees, per MGO Sec. 16.23(8)(f) and 20.08(6) will be required for all new residential development associated with this project. This development is within the West Park -Infrastructure Impact Fee district. Please reference ID# 04122.3 when contacting Parks about this project.

Please contact Adam Wiederhoeft of the Water Utility at (608) 266-9121 if you have any questions regarding the following item:

7. A Water Meter Application Form(s) and fees must be submitted before connecting to the existing water lateral (s). Provide at least two working days notice between the application submittal and the scheduled lateral connection/extension. Application materials are available on the Water Utility's Plumbers & Contractors website (<http://www.cityofmadison.com/water/plumberscontractors>), otherwise they may be obtained from the Water Utility Main Office at 119 E Olin Ave. A licensed plumber signature is required on all water service applications. For new or replacement services, the property owner or authorized agent is also required to sign the application. If you have questions regarding water service applications, please contact Madison Water Utility at (608) 266-4646.

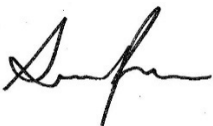

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining your conditional use:

1. Please revise your plans per the above conditions and submit **nine (9) copies** of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 126 S. Hamilton Street. **This submittal shall all also include one complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This property is not in a wellhead protection district. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility.
3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
4. The approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
5. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at (608) 243-0554.

Sincerely,

Sydney Prusak
Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for the conditional use permit.

Signature of Applicant

Signature of Property Owner (if not the applicant)
