The advertisement features a central illustration of a blue umbrella with a silver frame, standing over a drafting table. On the table are several drafting tools, including pens and pencils. The background is a dark, moody sky with a bright light source, possibly the sun or moon, creating a silhouette effect on the umbrella.

SELECT YOUR WINDOW & DOOR TYPES

WINDOW TYPES

DOUBLE-HUNG

A double-hung window has two vertically sliding sash in a single frame. Double-hungs lift open while remaining flush with the wall, making them ideal around patios, decks and walkways.

See page 32.

CASEMENT

Casement windows are hinged windows that, with a turn of a crank, open outward to the right or to the left. Casements are common above kitchen sinks and give you flexibility to group in stunning combinations.

See page 34.

AWNING

Awning windows are hinged at the top and open outward. They catch breezes from the left or right and are often used above, below or alongside stationary windows.

See page 34.

GLIDING

Gliding windows feature two sash, with at least one of the sash sliding horizontally past the other. They give you the advantages of double-hung windows with a more contemporary look.

See page 34.

STATIONARY

Stationary windows, as the name states, are windows that don't open. Often referred to as picture windows, they're typically used in combination with venting windows.

See page 36.

SPECIALTY

Specialty windows are stationary windows characterized by their special shapes, including curves and dramatic angles. They can make a signature statement in your home and provide a delicate lighting accent.

See page 36.

COMBINATIONS : Explore the many possibilities of putting shapes and sizes together.

Our 2 1/4-inch-wide grille can make a casement window look like a double-hung. See page 35.

DESIGN YOUR OWN PATTERN

Andersen gives you complete flexibility to design your own custom grille style. You sketch it, our craftsmen will create it.

SHOWN: Andersen® 400 Series casements with custom circle pattern grilles in transoms.

REPLACING OR REMODELING

Grilles influence style, and the choices at Andersen are endless. You can use grilles to make your casement windows look like double-hung windows. Or you can match existing grille patterns. If you want to match existing windows, it's a good idea to take a picture of your current windows before seeing your contractor or Andersen dealer.
